FOREWARD

This calendar is essentially divided into two sections. The first section presents summary information for the 1983 collective agreement expirations in written, tabular and graphical form. The second section is a listing of expirations by month showing the employer name, location, union and local, industry, expiry date and size of the bargaining unit. In addition, a short section on abbreviations is included to better facilitate use of the calendar.

SECTION 1:

SUMMARY INFORMATION

1983 COLLECTIVE AGREEMENT EXPIRATIONS

SUMMARY

This Calendar of Expiring Collective Agreements lists collective bargaining agreements that will expire in 1983. The intent of the calendar is to list as many expirations as possible regardless of size. However, because many agreements that expired in the latter part of 1982 have not as yet been re-negotiated, it is not possible to include information on them. For this reason, an addenda to this calendar will be issued in July, 1983.

Based upon the present information, there are 318 collective agreements expiring in 1983 in Manitoba which fall under the provisions of The Labour Relations Act. A total of 44,871 employees are affected. Of this total, 40,595 employees are covered by collective agreements which are not considered confidential. The seventy-five agreements which are considered confidential under Section 63(2) of The Labour Relations Act represent a total of 4,276 employees.

The month showing the greatest number of expirations is March with 62. December shows the second largest number of expirations with 48.

The greatest number of expirations fall into the manufacturing industry (119) with service next at 116 and trade third with 39 expirations.

Two hundred and forty-seven of those agreements expiring in 1983 affect 100 persons or less. This represents 77.7 percent of the total expirations known at this time.

It is significant to note that, although they are not recorded in either the Calendar or Addenda, an additional 56 collective bargaining situations exist which fall under the provisions of The Public Schools Act. Of these fifty-six teacher-school board collective agreements, 38 expired in December 1982 but are currently being re-negotiated. A total of 6,914 individuals are affected. The remaining 18 are teacher-school board agreements which expire in December 1983 and affect 4,526 individuals.
